

Hike Kosi plat!

Hike Kosi plat!

The Kosi hike is a slackpacker hike, we carry you luggage and cater for you. You walk only 3-4 hours in the morning and do optional activities in the afternoon.

The hike is completely flexible if booked in advance. The number of hiking days can be changed and extra non hiking days can be added to see all of the best that Kosi has to offer. If you add extra days you can also go on an ocean safari to snorkel in open sea reefs, look for dolphins, or go to Tembe Elephant Park for a game drive.
