

Maputaland Bush Camp

MAPUTALAND BUSH CAMP

We will be happy to take you around in a 4x4 vehicle and show you our paradise. It is an adventure holiday, for young and old, where we will be out all day on the beaches, snorkeling, canoe on rivers, SCUBA or snorkel from a boat in open ocean and going to Tembe, a big 5 game reserve..

More about the camp - Maputaland Bush Camp is a small intimate lodge. We accommodate 10 people sharing in bush style chalets. Each huts have an on suite shower and bush toilet. We tried to preserve the bush experience. Solar panels provide enough lights at night. When essential a generator can supply a few hours of electricity per day.

We serve excellent home cooked meals (European breakfasts, lunches and dinners) served in the main house or a picnic lunch when on a day excursions / activities. We are an establishment managed by the owners. The region is very children friendly (we have two small children).

If the information and rates below is in order I will send you the bank details for the deposit to confirm the booking.

regards

Willie and Isabelle
